Tools and Plant for construction of airfields etc.

Sir,

I am directed to say that in view of the acute shortage of constructional tools and plant and to enable them to transfer such articles as are available from completed works to other war works in progress, the Central Government consider it desirable that proper accounts should be kept of all tools, plant and machinery purchased or otherwise acquired for the construction of airfields and other war works and debited to the project, the cost of which is borne by the Central Government.

2. I am therefore to request you kindly to issue instructions to the officers concerned, if any, to ensure that proper accounts are maintained in respect of such articles and that, on the completion of an airfield or similar project, lists of all such tools and plant, with a description of their condition, are forwarded to the Engineer-in-Chief, General Headquarters, New Delhi, who will decide whether they should be (a) transferred, if required elsewhere (b) sold, if not required elsewhere or (c) written off, if unserviceable.
